

# Certified Pre-Owned GSP-1600 Handheld Satellite Phone

Globalstar provides true interoperability for the public and private sectors to communicate within and across agencies, jurisdictions via voice and data, in real-time, when needed, and as authorized. Personnel can quickly, and clearly, coordinate with co-workers when terrestrial networks are down.

## KEY FEATURES

- **Powered by 100% satellite technology** – Works where cell phones don't.
- **Crystal-clear voice quality** – No “tunnel sound” or voice delay during conversation like the competition.
- **Utilizes Globalstar's fastest data speeds** – 4X faster than any other mobile satellite company (9600 hotspot required, sold separately).
- **U.S.-based phone number** – Direct dialing of 911 services right out the box while our competitors use country codes, making dialing very difficult.

**FREE PHONE**

## GSP-1600 SERVICES INCLUDES
