IMPORTANT SPOT X TIPS

▶ SPOT X needs a clear view of the sky with no obstructions (buildings, roof overhangs, trees, etc.) to obtain a GPS signal in order to provide the most accurate location information and send messages (Figure 1). SPOT X may not function properly at the bottom of a deep canyon, in a cave, or in very dense woods.

![Figure 1](image)

▶ Orienting SPOT X vertically with the antenna facing towards the sky, will improve performance as the antenna is located on the top portion of the device.

▶ Before heading off the grid, we strongly recommend that you send a test message to ensure your device was activated properly. You can view your sent messages in your account at FindMeSPOT.com/MyAccount.

SPOT X OPERATING TEMPERATURES

Prolonged use or storage of your SPOT X in direct sunlight or in a vehicle may cause the device to overheat and/or damage its battery. SPOT X can withstand operating in temperatures of -4F to +140F (-20C to +60C).
SPOT X can hold up to 70 contacts and/or contact groups. Contacts can be manually added through the SPOT X or through SPOT MY ACCOUNT. If added through SPOT MY ACCOUNT, syncing is required using the SPOT X Firmware Updater.

**MANUALLY ADDING A CONTACT**

1. On the **Main Menu** screen, select 📬 to display the **Messages** screen, then select **Contacts**.

2. On the **Contacts** screen, select 📞 to display the **New Contact** screen (Figure 2).

3. Enter the required information and select 📝 to save the contact to your SPOT X device.

   If both **Email** and **SMS/TEXT** fields are filled in, the SPOT X will create two separate contacts, one for each field.

4. Additionally, the sync required icon ⬇️ (Figure 3) will appear next to the new contact’s name and in the **Status Bar**. This indicates that the SPOT X will need to sync with SPOT MY ACCOUNT, if you would like the contact to be uploaded to your contact list in SPOT MY ACCOUNT.

**NOTE:** See the User Guide for instructions on how to add contacts through SPOT MY ACCOUNT.
2-WAY MESSAGING

CREATE & SEND A MESSAGE
1. On the Main Menu screen, select 📩 to display the Messages screen, and then select Inbox.

PREDEFINED MESSAGES
Make messaging even easier by sending a Predefined Message. These messages can only be created in your SPOT MY ACCOUNT and up to 14 Predefined Messages can be stored on your SPOT X. Syncing SPOT X with your SPOT MY ACCOUNT is required for Predefined Messages to appear on your device.
