

DEVERYWARE

Globalstar Value Added Reseller

Company Presentation

"Deveryware, expert partner providing real-time technologies for location-based services.

- Senior management with large experience in IT, geolocation, business and consumer services, and cooperation with government and agencies.
- Highly skilled engineers in telecom and heavy-duty, secured real-time platforms
- Secured industrial platform with flexible architecture. Availability close to 100% over 1 million locations per day, with capacity to handle 100% more

Addressed LBS markets:

- Secured web-based ASP with powerful alerts
- Special, very high autonomy beacons
- Fleet management with GPS/GPRS, GPS/Sat, Cell-id
- Community/ group location
- Proximity advertising
- E-tourism

Current users:

- Large accounts whose production system include field mobile teams for delivery, maintenance, civil servants
- Software firms integrating geolocation in company ERP
- Specialized trade application software editors
- Fleet management integrators
- Law enforcement services
- Consumer-oriented editors and operators for new, value-added applications: mobile marketing, friend finders, family monitoring, games, pay-as-you drive insurance
