

ROBOTEKS LATVIA

Globalstar Value Added Reseller

Company Presentation

RCN-Conti has provided Vehicle Based Telematics Solutions for more than 12 years. We are experienced the growth in this area and have been on hand to support our customers and partners. We are dedicated to your business and understand your needs.

Product Portfolio

NaviFleet Fleet Management helps fleet managers and transport planners - as well as drivers - to improve productivity and reduce costs. NaviFleet telematic devices on-board vehicle are connected to dispatcher PC through Internet. This not only gives you access to useful information that can improve your business, but also makes driver communication safer, easier and more efficient.

Experience

With over 10,000 assets managed and monitored on behalf of 300 clients, RCN-Conti Ltd is the worldwide telematics service provider. RCN-Conti business-to-business clients use NaviFleet, our product brand, to manage mobile assets in the public sector, service management and in the logistics and distribution industries.
