

Skyguard Ltd

Globalstar Value Added Reseller

Europe's premier personal safety service, Skyguard offers a range of lone worker safety devices and mobile phone apps connected to our 24/7 Incident Management Centre, certified to the highest industry standards; BS 8484, BS 5979 (Category II), ISO 9001 and Secured by Design.

As the UK's only wholly owned end-to-end provider, Skyguard's portfolio of dedicated devices includes features such as GPS, 2-way voice, Mandown and on-demand tracking. At the touch of a button the user is connected to our 24/7 Incident Management Centre. Here, our trained Controllers will have the user's relevant personal details and emergency escalation procedures, and will manage the incident to get them help, fast.

Only with a Skyguard service subscription can you receive the following benefits:

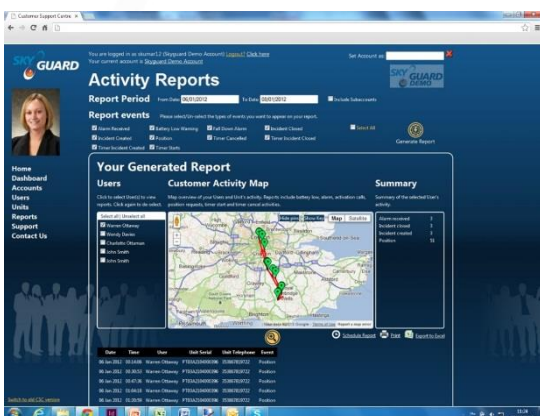

- Range of dedicated devices, Smartphone apps and mobile phone solutions
- 24/7, Incident Management Centre certified to the highest possible standards
- 24/7, real time user/device management, mapping and reporting via our secure online portal
- Use of our 1,000+ vehicle National Response Service as a backup to the emergency services
- Used and trusted by the majority of UK Police forces
- The first and only International service of its kind in the world to provide full police, paramedic and fire response in 36 countries across Europe and South Africa.
- Fully inclusive service with no hidden/variable costs
